**TYROL PROHIBITS  
FRACTIONAL COINS**

(Correspondence of Associated Press)  
VIENNA, Aug. 10.—The Tyrol government has prohibited the further issuance of communal fractional currency, which has become a scandal in the Austrian states. It was found that none of the notes were in circulation, all the issues having been sold to collectors at enormous profit. Some issues of 10 and 20-heller notes have sold for as high as 50 to 100 crowns apiece.

The craze of issuing currency has spread to concerns and associations of various kinds, among those printing their own money being the monastery of Gottweig and the Anti-Semetic Association of Amstetten.

**PRIZE OFFERED FOR  
FUEL CONSERVATION**

(Correspondence of Associated Press)  
PARIS, Aug. 3.—New ideas for economizing coal and other fuel are sought by the authorities and 100,000 francs in prizes have been offered by the Seine department for ideas and inventions this fall.

Under the provisions of the Spa conference agreement, France will have, from all sources, slightly less than 80 per cent of her needs in coal, and now, in the sultry heat of summer, the people are beginning to worry about the shivers of the coming winter.

**GOVERNOR SAYS  
JOB IS 'USELESS'****Mexican Ruler of Federal District Thinks His Office is Superfluous**

(Correspondence of Associated Press)  
MEXICO CITY, Aug. 6.—Celestino Gasca, former shoemaker, now governor of the federal district which comprises Mexico City, is trying to abolish his own office.

Senor Gasca contends that his work is not necessary, since there is a city council in existence well able to handle the municipal affairs of the capital.

Pointing out the frequent conflicts of authority resulting from the present dual system of administering the affairs of the capital, Governor Gasca said:

"I am planning to submit to the president of the republic a legal project for the abolition of the federal district government. I believe it to be superfluous."

When the news of Governor Gasca's plan spread to the employees of the federal district, dismay is reported to have ensued. It is pointed out, however, that most of these employees can be retained under the city council system.

**TRAVELERS CAN'T  
ENTER HONOLULU****Strict Enforcement of Passport Rules Prohibit Visits to City by Tourists**

(Correspondence of Associated Press)  
HONOLULU, T. H., Aug. 17.—A number of British subjects, including the mayor of a New Zealand city and a major in the British army, whose passports had not been vided by American consuls, were refused permission to land and spend the day in Honolulu recently while the steamer Tahiti was loading and unloading on her way from Sydney, Australia, to Vancouver, B. C.

The Britishers were detained aboard the Tahiti at the order of R. L. Halsey, immigration inspector here. Halsey said he had his instructions from Secretary of State Colby, adding that he had received a cablegram to enforce the regulations strictly with regard to the Tahiti.

For visiting a passport the American consuls in Australasia charge a fee of \$10, said Tahiti passengers, who had conferred with the demand of the United States government.

Officials of the chamber of commerce took up the matter with the immigration officials here, but could obtain no relaxing of the rule, and an appeal has been sent to Washington to suspend the regulation which charges a through passenger of foreign birth \$10 for the privilege of seeing Honolulu.

**In the Race for State Senator**

(From the Manhattan Magnet, August 7, 1920)

In seeking at the hands of the Democratic party the nomination

State Senator from Nye County, Ben D. Luce stands upon his records. He has always been a zealous worker for his party, but when he served the people of this county in the Legislature, he strove for the general good of all the people, no matter what might be their political affiliations. Although himself too old to shoulder a rifle, he sent his son to battle and was a vigorous war worker throughout the conflict. Mr. Luce was a power in the Nevada Legislature, and when he was chosen Speaker of the House his every decision was marked by impartiality and good judgment. He has been a resident and taxpayer of Nye County for many years and is a heavy operator in the mill tailings industry at Tonopah. He merits and enjoys the confidence and friendship of all his workmen.
